Jean-Christophe Rolland
President, World Rowing

GREETING FROM THE PRESIDENT OF THE WORLD ROWING

***B**envenuto, welcome to Barletta ! World Rowing is thrilled to be back to Italy for the 2023 World Rowing Beach Sprint Finals and Coastal Championships, on the shores of the Adriatic Sea.*

The event will bring the elite of coastal and beach sprint rowing to sunny south of Italy for sharp and thrilling racing. The fine sand and crystal clear waters of Barletta will provide the perfect venue for the best coastal rowers of the continent.

Tipped to be a future Olympic rowing discipline, Beach Sprints will bring the action close to spectators just off the festival atmosphere on the beach, while the Endurance format will test the

rowers' resilience, strength and ability to read the waves and currents. All the ingredients for a true adventure, on and off the water.

I would like to thank the organising committee and the large number of volunteers without whom this event would not be possible. I would also like to welcome the stars of the show, our athletes, their support staff and, of course, the fans and supporters to Barletta and its environs for a great week of racing.

Buona fortuna, and here's to a wonderful event!

Jean-Christophe Rolland

Dr. Cosimo Damiano Cannito
Mayor of Barletta

GREETING FROM THE MAYOR OF BARLETTA

The Town of Barletta is really excited to organize the 2023 World Rowing Coastal Championships & Beach Sprint Finals.

Our municipal administration with all territorial Institutions intend to cooperate synergically for the realization of a memorable edition of this sporting competition with the utmost commitment in terms of logistics and hospitality.

After the past successful 2021 and 2022 Italian Beach Sprint Championships, Barletta is ready to take up this great challenge. The choice of our beach has been strongly wanted by the Local Government, sure of its skills in the organization of great sporting events. Barletta, internationally renowned for its famous Olympic champion and record holder Pietro Paolo Mennea, will be once again at the centre of the world's attention from September 28 to October 8 2023. The local waterfront "Pietro Mennea" will host the prestigious

event and its international athletes.

The Organisation of cultural and musical spectacles will be part of the whole program. We'll do our best to make the Athletes, Authorities, Technicians, Staffs, Giuries, Timekeepers and all visitor's stay an unforgettable memory. Among our priorities as the Organising Committee I want to repay you trust and ensure that the entire community which I represent, becomes the proud protagonist of this excellent showcase. I'm sure it will strengthen the local tradition of this discipline and it will further promote Barletta as a model to emulate.

To all of you I offer my warmest welcome. People of Barletta is looking forward to meeting you in this beautiful town that mainly cheers for the values of fairplay and a sincere friendship of countries, in the name of democratic values to whom Italian Constitution is inspired by.

Dr. Roberto Pio Rizzi
President of the Organizing Committee of 2023 World Rowing Coastal Championships & Beach Sprint Finals

GREETING FROM THE PRESIDENT OF THE ORGANIZING COMMITTEE

Organising the 2023 World Rowing Coastal Championships & Beach Sprint Finals in my city is a unique opportunity for my sporting and professional career.

The beaches of Barletta represent an ideal venue for this discipline that brought Rowing back to the sea, on which I have been training for decades.

The promenade "Pietro Mennea" dedicated to the Barletta sprinter and record man, is the right synthesis between sea and sport, that will welcome rowers from every continent ready to compete on the waters of our sea.

Our city boasts a Rowing tradition that began in 1960 with the AVIS Barletta and has been keeping going until today with the local section of Lega Navale Italiana, true promoter of the candidacy of these World Rowing Championship.

Even if in a short time, we are organizing this event at best, offering all our support to participants.

I'm sure that the hospitality of the Apulia people will best accommodate the international athletes.

We are waiting for you in Barletta.

Giuseppe Abbagnale
President of the Italian Rowing Federation
Council member of the organizing Committee of 2023 World Rowing Coastal Championships & Beach Sprint Finals

GREETING FROM THE PRESIDENT OF THE ITALIAN ROWING FEDERATION

***B**arletta, the capital of Coastal Rowing and Beach Sprints! Yes, it is appropriate to state it forcefully! That's a goal achieved with perseverance after the 2021 and 2022 Italian Beach Sprint Championships.*

It had a sensational success that was amplified by the RAI channels, thanks to the engaging courage of Roberto Pio Rizzi and his team, who provided the necessary elements for World Rowing to award this extraordinary land and its fantastic Local Organizing Committee the two world events: the World Rowing Coastal Championships and the World Rowing Beach Sprint Finals.

These two events, in just fifteen days, will bring athletes from all over the world to Barletta, on the seafront beach dedicated to the legend of Italian athletics, Pietro Mennea, with the sole purpose of competing and having fun in one of

the most fascinating and innovative disciplines of the international Rowing scene.

I am sure this event will put this Italian corner on the map as well as it will be fixed in the minds of those who will have the opportunity to arrive at the beautiful beach of Barletta for the welcome they will receive and for the beauty of the sites they will be able to visit. As President of the Italian Rowing Federation, I thank the Administration of Barletta and its forward-looking Mayor, Cosimo Cannito, all the institutions involved, the Organizing Committee headed by Roberto Pio Rizzi, and all the volunteers, who are the beating heart of the event.

I wish everyone lots of fun, excellent competitions and to enjoy the environmental, cultural and culinary experiences the area offers without skimping. Thank you and have a good stay in Barletta!

Marcello Degennaro
Councilor for sport in Barletta
Council member of the organizing Committee of 2023 World Rowing Coastal
Championships & Beach Sprint Finals

REETING FROM THE COUNCILLOR FOR SPORT IN BARLETTA

I'm really proud of my city hosting the 2023 World Rowing Coastal Championships & Beach Sprint Finals. Hospitality is a typical characteristic of our people and we would like

you to come back with the memory of a beautiful experience together. Athletes, Coaches, Guests, I embrace you all ideally!

ITALY

Italy is a member of the European Union and its capital is Rome. It is located in south-central Europe and is considered part of western Europe. It is characterized by a long coastline on the Mediterranean Sea.

Italy left a very deep footprint on western culture, art, architecture and cooking.

APULIA

Apulia is an Italian region rich in evidence of history and civilization, but it is also a region where it is possible to live side by side with an unpolluted nature.

Walking in the Gargano Park you meet cows and horses, fawns and wild boars, and visiting the Salento you could come across a flock of sheep grazing nearby the sea.

Throughout history, this land has been crossed by people of different culture and race; they were colonizers, invaders and rulers who created the premises for the wonderful coexistence of different cultures and traditions.

Puglia offers always different feelings and new treasures, unexplored habitats and ancient traditions; people are fascinating, welcoming and invite you to admire and experience their land

Crystal clear sea, unspoiled nature and fascinating medieval villages, rich in history and art, are tourist destinations not to be missed to experience an atmosphere of other times.

BARLETTA

La Città della Disfida

Visitors are won over by the fascination of the sea, the industriousness of the land and the energy of the people in this lively city in Apulia. It's considered one of the most prosperous in the region due to its commercial activities, trade and tourism. The sea has always represented an important resource here as indicated by the port, which was the historic starting point for the crusaders departing to the Holy Lands. Today, it's an important and charming commercial hub.

Getting lost in the alleys of the old part of the city is the best way for a visitor to grasp its hidden spirit. On one side, near the cathedral, is an area surrounded by blue sea. On the other is the so-called "old" area, which was traditionally inhabited by farmers and celebrates the land and its products..

Wander the streets of the old town, such as the Via Duomo and Via Ettore Fieramosca. There you can admire the beautiful buildings and stop at one of the local night spots. Strolling in the commercial area, full of shops, taverns and restaurants, you can enjoy local food and wine specialities. Food from the sea and land meet in menus rich in old and new flavours just waiting to be discovered.

Barletta has ancient origins. (to the 4th - 3rd century BC), but its urban centre developed during Norman times.

There were different periods of domination, first under the Normans and then the Swabians, Angevins, Aragonese and Spaniards.

The name 'Barletta' is linked to the epic Challenge of Barletta in 1503, which pitted Italian and French knights against each other. Each year this event is commemorated by a deeply moving ceremony done in period costumes.

Even contemporary history has left an indelible mark, as evident in the honours for Civil Merit (1998) and Military Valour (2004) bestowed on the city for its proud resistance against the Nazis.

Because of its architectural beauty, Barletta was recognised as an Apulian city of art in 2005. It contains beautiful stately mansions, medieval churches and the Castello Svevo (the Swabian Castle), amongst the most beautiful in the region.

There is also the Curci Theatre and the sumptuous Palazzo Della Marra, which houses the works of Giuseppe De Nittis, the internationally known impressionist painter.

Typical Apulian hospitality and charm, as well as its prestigious architecture, make Barletta very appealing to tourists. Walking there is like taking a journey through the true history, art, culture and traditions of Apulia.
